New Inn  
Assessment Report.rtf  
Paul,

I have attached copies of the list descriptions of those buildings that appear to be located within (or very near to) the study area you identified.

I am also able to confirm that there are no Scheduled Ancient Monuments in the study area.

I hope this information will be of assistance.

Regards,  
Rhodri

Rodrey

Further to our conversation this morning, and as a reminder, you will hopefully provide the Listed Building information (and a check on Scheduled Ancient Monuments) that I require for the site in Pontypool by 6th January 2006. The details of the site are included in my email of 1st December 2005. The site centred grid reference is ST 3011 9871.

Best regards

Paul
